

NEW ERA, SAME FUN!

EVERYTHING WANT TO KNOW ABOUT VCC '25

Farming

By Maria Koehler

Everyone helped with all the farming stuff and animals. Bunnies, cows, pigs and more. They started with the cows. They put up an electric fence so they can let the cows out. Next a snack and then they checked on the chickens and ducks and then they let the pig out. They have one BIG pig named Mabel and then they got to hold the bunnies and there were so many bunnies and they all were SOOO cute and most of them are all up for adoption. Two of them are not.

Cooking With Fire

By Sam Cushman

Cooking with fire is really fun. We do all sorts of stuff ranging from making breakfast to cooking pizza for breakfast. We cooked some nice pancakes and sausages. We also went to a sugar house and learned about some maple syrup and we also picked some raspberries. On wednesday we made/cooked some baba ganoush and pita bread. It was so cool as we watched the bread puff up. I put jelly and butter on mine. It was really fun and tasty. I enjoyed it a lot!

Exploring Nature

By Giuseppe Jandele

At Exploring Nature we went to the field to play some games like sharks and minnows, tag. Then we went and drew with chalk. Then, we made bracelets with different plants, like, dandelions, butter-cups, and mini bamboo. My favorite was drawing with chalk, and drawing little people rainbows and Vershire Camp 2025 in different colors. Exploring nature was so fun!!!

Gaming Unplugged Mini

By Anna Atkinson

In gaming unplugged we played a lot of board games and tag. We also saw two caterpillars, one was a normal caterpillar and one was a caterpillar with spikes. The tag games we played were rainbow tag, normal tag and toilet tag. Also Olivia found a slug. Some kids played uno and some kids played soccer. My favorite part was getting to play games with the chipmunks and I enjoyed the activities.

The New Director

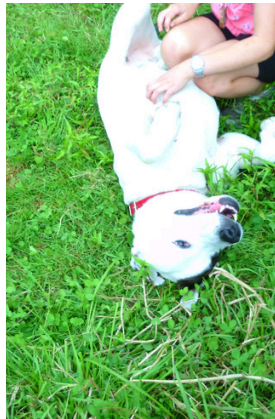

By Rhett Osgood

To be a camp director you need to be a good leader like Tovahn. Tovahn is a really great camp leader. He is very fun and kind to kids at the Vershire camp.

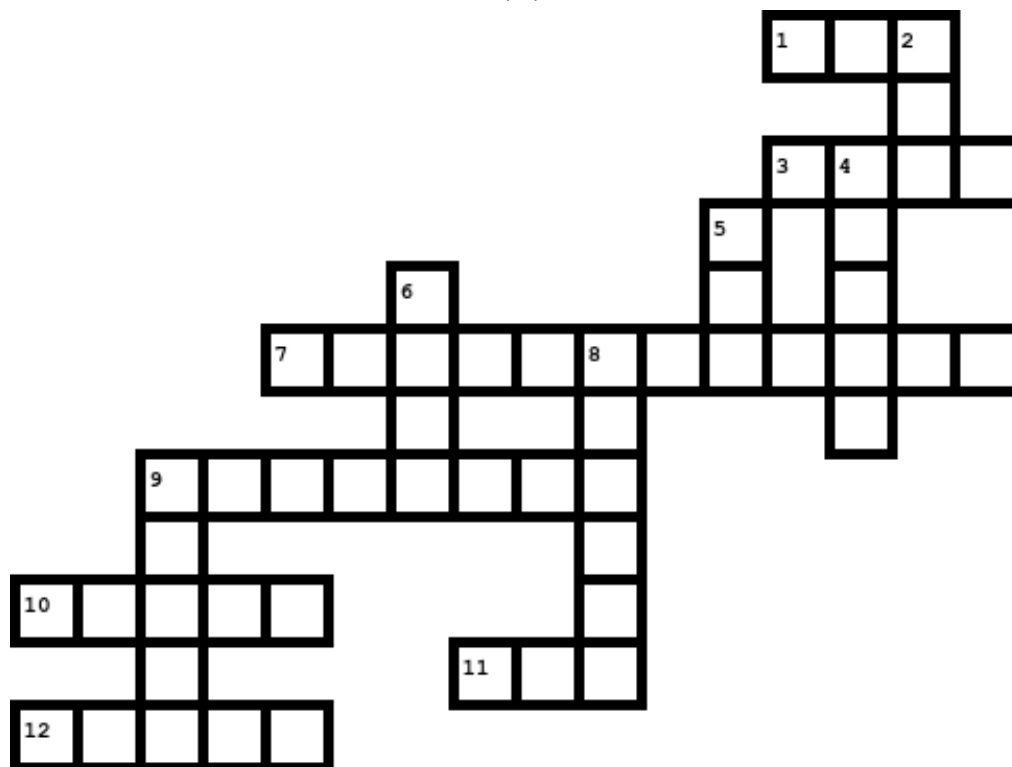

As the director you get to fly a drone and see other tents activities. As director you also take a lot of responsibility with helping people. I loved hanging out with Tovahn. Tovahn is a great person to hang out with.

From the Editor:

I'm sort of getting the hang of leading Journalism on my third try! Another great group of young journalists this year did a magnificent job at writing, taking photos, and putting together this awesome document.

Some thanks:

- Tovahn Vitols and Devan Waters for leading another excellent camp. Vitols, especially, for giving a reporter his time and allowing the camp chronicle to tag along.
- The gracious donors of a Vivitar digital camera. With our current cameras struggling, it was crucial to every one of our campers getting out and taking photos.
- Juniper Dixon, Eli Kraemer, and Skylar Cushman for being the best possible co-editors.
- All the activity leaders for allowing reporters in and welcoming them.

And of course, to the original Vershire Camp journalist, my grandfather, John Roy. Grandpa, I hope I'm doing you proud.
